

MATERIAL SAFETY DATA SHEET (MSDS)

Identity: **Rose Hip Oil**

1. Identification of Substance/ Preparation and Company:

Product name: Rose Hip Oil

Company name: Ecolaoils, Ltd
Address: 3 Saglasie
4000 Plovdiv
Bulgaria

Telephone: +359 879 694906

2. Composition / Identity Information:

Ingredients: Rosa Canina Seed Oil 100 %
Hazardous Components: None
INCI-Name: Rosa Canina
CAS- Number: 84603-93-0
EINECS- Number: 283-652-0

3. Physical & Chemical Properties:

Form: liquid
Colour: red – orange
Melting Point: not determined
Boiling Point: > 100 C
Solubility in water: insoluble
Specific Gravity: 0.92 kg/l
Viscosity: slightly viscous

4. Stability & Reactivity:

Chemical Stability : Stable at room temperature in closed containers under normal storage and handling conditions.
Incompatibility : None known.
Thermal Decomposition : Not determined.

5. Handling & Storage:

Handling: Avoid contact with eyes. Wash thoroughly after handling. Good industrial hygiene practices should be followed when handling this material. Do not handle near an open flame, heat or other sources of ignition.
Storage: In a cool dry room avoiding exposure to light and heat. Keep air contact to a minimum. Store in tightly sealed containers.

6. Hazards Identification:

General: There are no potential health effects expected from handling this material. Concentrated product. Observe good housekeeping procedures. There is no significant laboratory data to suggest any hazards to humans.

7. First Aid Measures:

Eyes: Flush immediately with water for 15 minutes. Obtain medical attention if severe irritation occurs.

Skin: Remove contaminated clothing and wash with soap and water.

Inhalation: If first aid is required move victim to fresh air.

Ingestion: Give two glasses of water. Do not induce vomiting. Obtain medical attention.

8. Fire Fighting Measures:

Extinguishing media: Foam, dry chemical powder, carbon dioxide, sand or earth.

Unsuitable extinguishing media: Water

Special Fire Fighting Procedures: Stop spill, start fire fighting efforts immediately. Limit spread of oil. Treat as an oil (edible fat) fire.

Other information: Avoid contact with oxidizing agents.

9. Toxicological Information:

Toxicological Data: Not toxic.

Additional toxicological information: If the product is used properly it will not cause any injuries to health.

10. Ecological information:

Degrability : Biodegradable.

11. Transport information:

Not considered dangerous for transport.

12. Disclaimer:

This information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any other process. Such information is to be the best of the company's knowledge and believed accurate and reliable as of the date indicated. However, no representation, warranty or guarantee of any kind, express or implied, is made as to its accuracy, reliability or completeness and we assume no responsibility for any loss, damage or expense, direct or consequential arising out of use. It is the user's responsibility to satisfy himself as to the suitability and completeness of such information for his own particular use.
